Dear SDIKFF attendees,

It is with great pleasure and honor that we present the 2022 San Diego International Kids' Film Festival (SDIKFF) in the beautiful Southern California. The screenings and events at this year's festival are, as always, promoting the idea of entertainment with education.

This year, attendees could choose to view 155 unique films from 30 plus countries ranging from features to shorts, from documentaries to animation, from the silly to the sublime. You could also participate in industry panels and workshops and engage film Q&As, hosted film receptions and galas, plus the real people action show "Screenplay Showcase".

The SDIKFF provides a platform that allows for freely sharing your views and ideas with those who take part in the same ideals of entertainment and stimulation of all ages through cinematic stories.

On behalf of the SDIKFF committee, we thank you for being a part of our festival in sunny San Diego. I sincerely thank for sponsors, supporters, volunteers who make this event possible.

@SDIKFF

Greetings!

A huge welcome to all attendees of the 2022 San Diego International Kids' Film Festival! We're proud to host this year's festival and bring a wide range of cultures together to see what we all have in common as well as what makes our life experiences different.

The film is a universal language that transcends barriers of age and culture. The power of story and images can be immediately felt by both young and old, no matter what country you call home. And since we have all been kids at one time or another, we can easily relate to all of these films.

This weekend we celebrate this powerful art form, as well as what we all share in common when the lights dim and the show begins. I hope you will not only enjoy the films we have to share but join us for our enjoyable social gatherings and educational panel presentations. See you there!
